

## External mirrors

### Universal Mirrors

The Universal acrylic mirror is mounted with a black PVC gasket, and a red polypropylene body with visor.

Made up with the highest quality material, this lightweight mirror has high resistance to UV rays and weather conditions, making it ideal for most outdoor applications.

Its durability also makes it suitable for areas of well-known vandalism.

The Universal model is available with three different types of pole fixing Ø 48 mm, Ø 60 mm or Ø 76 mm, or with a separate wall attachment depending on the requirements of the user.

Diameters available: Ø 30 cm - Ø 40 cm - Ø 50 cm - Ø 60 cm - Ø 70 cm - Ø 80 cm - Ø 90 cm.

Codice Code	Diametro (mm.) Diameter (mm.)	Peso (Kg.) Weight (Kg.)
	300	0.90
	400	1.70
	500	2.40
	600	3.10
	700	4.30
	800	5.50
	900	7.10
